NEXT GEN

September 2026

Fall Kick-Off Foam Party

September 13 | 6:00 - 7:30 p.m.
30W393 Army Trail Rd., Wayne, IL.

Next Gen students and families, come on over and celebrate our fall kick-off with a foam party at our September Summer Picnic! Next Gen (Village Kids, The 5/6, and Forge) and their leaders are invited to enjoy some extreme bubble fun starting at 6:00 p.m. This foam solution is hypoallergenic, dye-free, non-toxic, biodegradable, and safe for kids, pets, and the environment. Opaque, light-weight shorts and shirts are advisable. Swimsuits, goggles, and towels are recommended for kids who will play in it for longer periods. The foam may leave you damp after a few minutes, and you can easily dry off in the sun.

Awana

Beginning September 14 | 6:00 p.m | VCob

Awana is starting soon! Awana meets Monday nights during the school year to engage in large-group teaching, small - group discipleship, and game time. Awana wouldn't be possible without an amazing team of volunteers! We would love for you to volunteer to serve with one of the age groups above, join the administration or special needs team, or fill in as a sub!

KEY: The 5/6 Forge
AWANA Village Kids
